EMERGENCY SERVICES FOR TDD USERS:

Dial 911, then press the space bar until someone answers

EMERGENCY CALLS: WARNING!

It is a misdemeanor under Oregon Law: 1. To refuse to relinquish a party line or public pay telephone when informed that it is needed for an emergency call. 2. To obtain the use of a party line or public pay telephone by falsely stating that it is needed for an emergency call. An "Emergency Call" is a call to a fire department or police department, or for emergency medical aid or ambulance service when property or human life is in jeopardy and the prompt summoning of aid is essential.

How To Start Your Service

Pioneer Connect can provide you with local telephone service and connection to both long distance service providers and internet service providers. Pioneer Connect also offers many advanced services that can make your telephone work for you. More information on these advanced services can be found in the service offerings section of this book.

To establish new service, simply stop by one of our offices or give us a call. Our service representatives will describe the services we offer, how they work and the associated costs. Some of the things you may want to consider before calling or coming in are:

Unlimited or Measured Service

While your basic service rate provides you unlimited calling in your local area, there are extended area calling routes which expand your local calling range. For this Extended Area Service (EAS) you can choose between Unlimited Service, which allows you to make as many calls as you want for a flat monthly rate or Measured Service. Measured Service can reduce your cost because you pay only for what you use. See the Exchange Listing and Extended Area Service pages of this section for more information on EAS.

Directory Listings and Directory Assistance

There are several listing options available to you depending on your privacy needs. You will be asked to choose one of the following listing types:

Published - Your name, address (optional) and phone number are listed in this directory and are available from directory assistance. A basic listing in Pioneer's telephone directory is free.

Non-Listed - Your name, address (optional) and phone number are left out of the directory, but are available from directory assistance. There is a nominal charge for non-listed service.

Non-Published - Your name and phone number are left out of the directory and are unavailable from directory assistance. There is a nominal charge for non-published service.

A basic white page listing in the Pioneer directory is free. Business members also receive one basic yellow page listing free of charge. For other yellow page advertising options, contact one of our service representatives or directory staff for assistance.

Long Distance Service

There are many long distance providers available to choose from, including Pioneer Long Distance. Our customer service team members can provide you with a list at your request.

In Person or By Mail

Business transactions concerning your telephone service can be handled at either of our business offices:

PHILOMATH

1304 Main Street
PO Box 631 • Philomath, OR 97370

WALDPART

575 West Willow
PO Box 504 • Waldport, OR 97394

E-Mail: marketing@pioneerconnect.net

Paying Your Telephone Bill

Bills for service are issued monthly and are due and payable upon receipt. A return envelope is included with each monthly bill. Please enclose the bill stub with your payment. Write your phone number or account number on your check or money order. If the return envelope is not available, address your payment to:

Pioneer Connect
PO Box 631 • Philomath, OR 97370

You may also pay your bill using these options:

- Online at www.pioneer.net. Select My Account.
- In Person
- One-time Payments by Phone with a customer service team member
- By Phone using our Secure Pay By Phone system at 1-888-220-4308
- ACH (Automatic Transfer)

Payment Methods Accepted

Checking/Savings, Visa, MasterCard, Discover, and American Express.

Consumer Tips

Questions About Your Bill

If you have any questions about your telephone bill, you can either come into one of our business offices or call us. Our service representatives will be glad to assist you.

Credit Policy

Current charges for phone service are due by the due date on the billing statement. A late payment fee of 1.7% shall be applied to all unpaid amounts carried forward to the next month's statement.

If service is disconnected for non-payment of a bill, a reconnect charge may apply.

A customer who issues a check to Pioneer Connect, which is drawn on an account that is closed or does not have sufficient funds, shall be required to pay a service charge. After Pioneer Connect notifies a customer of its intent to restrict service for non-payment of an account and it receives such a check as payment on a delinquent account, it may restrict service immediately, as if no payment has been received.

Call Before You Dig . . . IT'S THE LAW

Before you do any extensive digging or construction on your property or public lands, you need to see if any of our telephone lines are located in the area you are planning to dig. Please call:

Utilities Notification Center811
Toll Free Dial 1 & Then..... 800-332-2344

Telephone Soliciting

A "telephone solicitation" is a phone call that acts as an advertisement. Even if you have a non-listed or non-published phone number, you may still receive unsolicited phone calls. Some sales organizations call all numbers in numerical order for a neighborhood or area in an effort to reach all potential customers. The FCC's rules prohibit telephone solicitation calls to your home before 8AM or after 9PM. Anyone making a telephone solicitation call to your home must provide his or her name, the name of the person or entity on whose behalf the call is being made and a telephone number or address at which that person or entity may be contacted.

The term "telephone solicitation" does not include calls or messages placed with the receiver's prior consent. Calls regarding a tax-exempt, non-profit organization or calls from a person or organization with which the receiver has an established business relationship. An established business relationship exists if you have made an inquiry, application, purchase or transaction regarding products or services offered by the person or entity involved.

Oregon Telephone Assistance Program

Through the Oregon Telephone Lifeline program, eligible customers will receive a reduction in the cost of their phone bill. Lifeline subscribers receive the same residential service as a regular subscriber, but at a

reduced monthly recurring rate. That means Lifeline subscribers have an unlimited number of local calling minutes. Just like other Pioneer Connect subscribers, Lifeline members are free to choose their own toll usage plans through long distance providers that serve Pioneer Connect serving area. Proof of eligibility may be required.

See page 21 for more information, visit www.rspf.org or call 1-800-848-4442.

Do-Not-Call Registry

The FCC has established a "National Do-Not-Call Registry." The registry is nationwide in scope - it applies to all telemarketers (with the exception of certain non-profit organizations) and covers both interstate and intrastate telemarketing calls. Commercial telemarketers are not allowed to call you if your number is on the registry. As a result, consumers can reduce the number of unwanted phone calls to their homes. Registration for your phone number is free and it will remain on the "National Do-Not-Call Registry" permanently, but you may remove your name from the list at any time.

The "Do-Not-Call Registry" will not prevent all unwanted calls. It will not cover the following:

- calls from organizations with which you have established a business relationship
- calls for which you have given prior written consent
- calls which are not commercial or do not include unsolicited advertisements
- calls by or on behalf of tax-exempt non-profit organizations (i.e., political and charitable organizations)
- calls for telephone surveys

Register Your Telephone Number on the Do-Not-Call List

To register your phone number(s), you may do one of the following:

- Online: **WWW.DONOTCALL.GOV**
Must have an active e-mail account
- Telephone: 1-888-382-1222
from the number you wish to register
- TTY: 1-866-290-4236
from the number you wish to register

It will take 31 days after you register to become effective.

Complaints regarding the "Do-Not-Call Registry" can be submitted online using the **DONOTCALL.GOV** website or you may also call 1-888-382-1222 to submit a complaint (for TTY, call 1-866-290-4236). You must know either the name or phone number of the company that called you. You must also provide the date that the company called you and your registered phone number.

Where Do I Report an Offending Solicitor

Complaints concerning unwelcome telephone solicitation or companies that have violated the law should be addressed to the Department of Justice, Financial Fraud Section 100, Justice Building, Salem OR 97310; 503-378-4320 or 1-877-877-9392.

Obscene or Harassing Telephone Calls

Stay calm and hang up the phone. Call your local phone company for information on how to handle these types of phone calls. You may be able to utilize Call Trace (see page 14). This service can provide the police with an electronic record of the harassing calls to assist in their investigation. It's against the law to make obscene or threatening phone calls. Penalties include imprisonment and/or a fine.

Information Services

Information Delivery Service, as defined in Public Utility Commission rules, means any call made to a number with a "900" area code where there is a charge for any phone recorded messages, interactive programs or other information services. This definition does not apply, however, when there is a pre-existing written contract between the customer and the information provider.

State law dictates that information providers adhere to specific rules concerning their services and that any telecommunications utility that is billing their customers for information services must follow certain procedures:

Blocking - Blocking is a service where a customer can block their telephone line so that no "900" calls can be placed from that line. Your local telephone company must inform you that blocking services are available for "900" numbers, if and when it is technically available.

Payment - Your telephone company cannot terminate your local or long distance telephone services for non-payment of charges for pay-per-call services, according to the Oregon Administrative Rules.

Unenforceable Collection Action - State law provides protection for telephone customers from charges resulting from "900" calls made by minor children. Provisions state that any obligations that may arise from pay-per-call dialing by an unemancipated child under 18 years old, are void and unenforceable.

Penalties For Damages - Oregon Administrative Rules state that any customer who suffers damage from a violation of the statutes addressing information services providers, may legally act against that provider. According to the rules, a court may award the greater of three times the actual damages or \$500, order an injunction of restitution and award attorney fees and court costs to the prevailing plaintiff.

For more information on Oregon Administrative and Public Utility Commission Rules, call the Customer Service Division: 1-800-522-2404.

How To Call Directory Assistance

First, look in the phone book. You can avoid Directory Assistance charges by looking up numbers in the directory. Also, jot down frequently called numbers and keep them next to your phone.

For Telephone Numbers Not Listed In Your Directory:

Dial: 1 (Area Code) 555-1212 or

Dial: 411 or

Dial: 1 (800) 555-1212 for 800 service numbers

By dialing 411, members bypass their PIC'd carrier (your chosen long distance carrier) and are routed directly to the 411 database, which is maintained by CenturyLink and contributed to by local phone companies like Pioneer Connect.

In Oregon, Local Exchange Carriers (LECs) and most Inter-Exchange Carriers, contribute published listings to this database, which Pioneer Connect does as a normal part of our business. However, some companies do not, many of which are Competitive Local Exchange Companies (CLECs) or Internet companies. If the person you are requesting a number for has service with a CLEC or Internet company that does not submit Directory Assistance information, their telephone number will not be found when you call Directory Assistance.

The 411 service also eliminates the need to know the area code of the number you are requesting within the State of Oregon. Additionally, while the 411 service cannot provide listings for out-of-state look-ups, it will advise callers of the area code for the city and state being requested and provide instructions on how to dial information for that state.

Charges For Directory Assistance

You will be charged to call Directory Assistance. Allowances and rates vary between carriers. For more information, call your local Business Office or Long Distance Carrier.

If you ask the long distance operator to dial a number, there may be an additional charge for operator handling. Requests for numbers outside Oregon are billed at rates established by the long distance companies.

How To Obtain Directories

Additional Pioneer directories may be obtained by contacting Customer Service.

Directory Accuracy

Every effort is made to compile and print this directory as accurately as possible. However, despite care and attention, errors sometimes occur. Please check your listing when you receive a new directory and notify Customer Service if it is incorrect. Neither the telephone company nor the publishing company assume any liability because of errors or omissions in free listings. Pioneer's liability, in the case of paid listings, shall not exceed the charge for such listings during the life of this directory. Pioneer Connect assumes no liability for the accuracy of information provided by any advertisers in its Yellow Pages.

Exemption for the Disabled

If you are unable to use a phone book on a continuing basis because of a disability, you may be exempted from the Directory Assistance charge. For further information, call Customer Service.

Dial Tones & Signals

Dial Tone - A continuous hum - the signal to start dialing. Wait for dial tone before dialing.

Ringin Signal - A ringing tone repeated at regular intervals. This lets you know that the telephone number you have dialed is ringing.

Busy Tone - A steady buzz-buzz tone. A slow busy signal, after you finish dialing, indicates the number you have dialed is busy. When you receive a rapid busy signal, it means all available equipment is in use. In either case, wait a short time and try again.

Announcements - Recorded announcements let you know why your call was not completed and suggest a course of action for you to follow in order to reach the correct number you want.

Telephone Help

Trouble Connecting

If you have repeated trouble reaching a number, dial '0.'

Repair Service

For repair call:

- Philomath 541-929-1212
- Waldport..... 541-563-1212
- Toll Free Dial 1 & Then 866-929-1212

Repair of Your Inside Wiring

Your phone company supplies the access to the telephone network. This access is professionally installed and maintained to the highest standards, up to the point on your home or business where the phone wires leave the Protector/NID to go inside the building. All inside wiring is the responsibility of the owner.

If you sign up for NetProtect™, you can have the same standard of maintenance that Pioneer Connect provides for the equipment and lines outside your home or business, on the inside, too.

This service covers any inside wiring installed by Pioneer Connect and other inside wiring installed to telephone industry standards. You can either sign up for NetProtect™ or have a Pioneer Connect service technician come to your place on an "as needed" basis, at our competitive time and material rates. Call either of our Business Offices:

- Philomath Office..... 541-929-3135
- Waldport Office..... 541-563-3135
- Toll Free Dial 1 & Then..... 888-929-1014

Oregon Telecommunications Relay Service (OTRS)

Oregon Telecommunications Relay Service is a relay service providing full phone accessibility to people who are deaf, hard of hearing or speech impaired. Trained specialists, called Communication Assistants (CAs), complete all calls and stay on the line to relay messages electronically over a text phone (also called a TTY) or verbally to hearing parties.

OTRS Options

VoiceDial 711
 Toll Free Dial 1 & Then..... 800-735-1232
 Allows standard phone users to initiate calls to TTY users. The CA types the hearing person's spoken words to the TTY user and reads back the typed replies.

TTYDial 711
 Toll Free Dial 1 & Then..... 800-735-2900
 Allows deaf, hard of hearing or speech impaired TTY users to type their conversation to a CA, who then reads it to a hearing person. The CA relays the hearing person's spoken words by typing them back to the TTY user.

Voice Carry Over (VCO).....Dial 711
 Toll Free Dial 1 & Then..... 877-735-3260
 Allows the hard of hearing to speak directly to a hearing person. The CA will then type the hearing person's response back to the TTY user.

Hearing Carry Over (HCO)Dial 711
 Toll Free Dial 1 & Then..... 800-735-2900
 Allows a speech impaired user with hearing capability to listen to the person they are calling. They respond using the TTY, which is then read to the called person.

OTRS is Confidential

All calls will be kept private and no records of any conversations will be maintained. Information regarding the contents of any relay call will not be disclosed, unless required by state or federal law.

What to do in an Emergency

In case of an emergency, relay users should call the TTY-equipped 911 Center or Emergency Services Center in their community. OTRS can process emergency calls, but they may take longer to get through. Callers are strongly urged to dial 911 directly. The Federal Communications Commission requires that all 911 centers have TTY access.

Your Communication Options

Some options are:

- Ask the Communications Assistant (CA) to type and speak exactly what is said.
- Ask the CA not to announce your call.
- Ask the CA to use voice or hearing carry over.

Using Directory Assistance

OTRS will refer all directory assistance calls to the National TDD Directory Assistance Service or you may dial that number directly: 1-800-855-1155 or 411.

OTRS Billing Procedures

Oregon Telecommunications Relay Service is free. Calls can be made to anywhere in the world, 24 hours a day, 365 days a year, with no restrictions on the number, length or type of calls. OTRS handles calls placed using direct dial, collect, person-to-person, pre-paid calling cards, calling cards or any participating long distance carrier. These calls are billed at the carrier's designated rates. Local Exchange Carrier rates apply for both local and regional calls. OTRS is not a phone company and receives no long distance revenue from relay calls. You always get to choose your long distance carrier.

State-to-State Calling

OTRS lets you place calls to and receive calls from anywhere in the U.S.

Telephone Assistance Program

The Lifeline Program provides telephone assistance to qualified low-income customers. Qualified customers may be eligible to receive discounts on their phone service.

Troubleshooting Telephone Problems

Encountering an issue with your phone service? We're always ready to serve you—if the suggestions below don't solve your problem, feel free to contact our Repair Department in Philomath at 541-929-1212 or in Waldport at 541-563-1212. The following is a way to troubleshoot and possibly fix yourself, with no waiting for a service repair.

IF YOU HAVE NO DIAL TONE

Use a standard non-electric phone to test at your N.I.D. (Network Interface Device). Do not use a cordless telephone. The N.I.D. is the plastic box on the side of your home or on the power meter pole. This connects your inside phone wires to the phone company's line. The N.I.D. box is typically a 6" gray box.

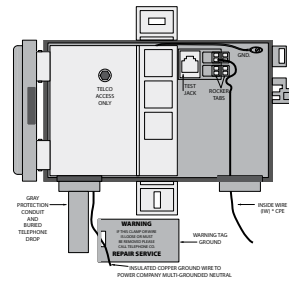

(If your N.I.D. does NOT look like the picture above, contact Pioneer Connect Repair for assistance.)

Step 1: Use a standard non-electric phone to test your N.I.D. (Network Interface Device). Do not use a cordless phone. The N.I.D. is the plastic box on the side of your home or on the power meter pole. This connects your inside phone wires to Pioneer's line.

Step 2: Using a flat head screwdriver, open the box where it is labeled CUSTOMER ACCESS.

Step 3: Once you have the N.I.D. open, pull open the tab in the upper left corner.

Step 4: Plug the phone into the phone jack.

Step 5: Check for dial tone. If you have no dial tone, contact our Repair Department. If you do have dial tone, your trouble is inside. Check the following items:

- Ensure all phones are hung up.
- Unplug all electronic devices (answering machines, cordless phone, modem, caller ID box, etc.), and check to hear if your dial tone returns. If so, the issue is with one of your other devices.
- Unplug all the phones in your home. Then, one at a time, plug each phone into the jack to check for dial tone. This may help identify whether one device is causing the issue.

If you find you still have no dial tone, the problem is in your wiring, a jack, or your phone. See NETPROTECT™ for more information or contact our Repairs Department.

If you **DO** have dial tone, your trouble is inside. Check the following items:

- Step 1:** All phones are hung up.
- Step 2:** Unplug all electronic devices (answering machine, cordless phone, modem, caller ID box, etc.) to hear if your dial tone comes back.
- Step 3:** Unplug all the phones in your home. Then, one at a time, plug each phone into the jack to check for dial tone.

IF YOUR PHONE IS NOISY

Step 1: To pinpoint where the noise in your phone line is coming from, follow the same steps as under **NO DIAL TONE**. If there is **NO** noise at the N.I.D., the problem is inside. See NetProtect™ for more information.

Step 2: Always check with a phone at your N.I.D. See NETPROTECT™ for more information.

Step 3: You may also want to keep an inexpensive non-powered phone in the house for emergencies since electronic (cordless) telephones will not work during a power outage. If you still have no dial tone, the problem is in your wiring, a jack, or your phone. See NETPROTECT™ for more information or call the Repairs Department.

NETPROTECT

When you call Pioneer Connect about trouble on your line, our service department dispatches a technician to your premise. If the technician discovers the cause of the trouble is customer maintained inside wiring, you will be billed a "trouble charge." This charge covers the work involved in determining the problem is **NOT** in our access line or network. If you would like our service technician to repair the problem, you will be billed at our competitive Time and Material rates.

However, for a small monthly charge per access line, you can subscribe to **NETPROTECT™** and protect yourself from these costly repair charges. **For more information on NETPROTECT™ call your local Business Office.**

Troubleshooting Internet Problems

There are a few simple things you can do to determine if your modem is working properly. First, check another website or two, so you can ensure it is not the website itself that is experiencing problems. Also, try using another program that accesses the Internet, such as your e-mail program. If your Internet service is not working, try the following to restore service:

Modem Powercycle Instructions

- Step 1: Unplug the power cord(s) from your modem (and your router if you have one)
- Step 2: Wait 3 minutes
- Step 3: Plug the power cord back in to your modem and wait 2 minutes
- Step 4: If you have a router, plug it back in and wait 1 minute. If a powercycle doesn't work and you do have a router, try plugging your computer directly into the modem with the Ethernet/ LAN/CAT5 cord.

If you are able to connect, this means your router is the problem. Sometimes, resetting it and running through the installation again can fix it. Otherwise, you will need to contact the manufacturer for assistance.

Modem Lights On

Make a visual inspection to see if your modem is displaying any of its operational lights. If it is not, or only some lights are present, check all your cord connections.

Still Not Working

If your service is still not working, please call support.

Extended Area Service (EAS): Local Calling Region

EAS allows customers in one local calling area (known as an exchange) to call one or more nearby exchanges without incurring local long distance charges. So instead of paying local long distance charges, as a Pioneer Connect customer, you may choose between a flat monthly EAS rate or a measured EAS rate (i.e., a per minute rate) within your extended area. With EAS, long distance charges cease within the extended area. Calls outside your extended area calling area are still long distance and will be billed by your long distance carrier.

Calling In & Between LATAs

Local Access Transport Areas (LATAs) are geographic areas established by the government as a result of telephone deregulation. All of Pioneer Connect service area is in the Oregon Southwest LATA.

If you dial "0" for operator assistance, you will be connected to a CenturyLink operator. If you dial "00", you will be connected to the operator for your chosen long-distance carrier. You may also dial "1010 + long distance carrier's 3 or 4 - digit code + 0" to be connected to the operator of a specific long distance carrier. Payphones, hotels and motels may use alternate operator services.

Answering Machines — Long distance charges apply to calls made to phones with answering machines. The charge begins when the called number is answered by the answering machine.

Calling Card Calls — When away from home, you can make local and long distance calls with a calling card. Using a calling card is an inexpensive way to call, compared to other types of operator assisted calls. (Please Note: Some calling cards have special instructions. Contact the card issuer.) If calling card is not prepaid, these third-party calling cards will be billed separately from your Pioneer bill.

Collect Calls — You may call collect, if the person or firm you are calling agrees to pay the charges. Dial "0" and follow the automated instructions.

Poor Connections or Wrong Numbers — If you have dialed a call and reach a wrong number, have a poor connection or other problem, hang up. You may contact an operator and ask that the call be placed for you. Request to the operator that the call be charged at the direct dial rate.

Direct Distance Dialing — By dialing your own long distance calls, you will pay the lowest rate compared to operator assisted calls.

Person-To-Person Calls — You may make a long distance call to a particular person. Tell the operator you are making a person-to-person call. The operator will hang up and charge you for the call only when that specific person answers.

Operator Assisted Calls — Long distance calls requiring an operator are more expensive. Calls placed from hotels, motels and coin telephones, as well as certain other types of calls may require operator assistance. Dial 0 - AREA CODE - TELEPHONE NUMBER and an operator will come on the line. Tell the operator the type of call you are making.

Time & Charges — When placing a long distance call, you may ask the operator to tell you the length of time you talked and the cost. Dial the operator and say you'd like time and charges when the call is completed.

Dialing Instructions for International Calling — To dial international calls, dial in sequence:

1. The International Access Code - 011
2. The Country Code - a two or three digit number.
3. The City Routing Code - a number consisting of one to five digits.
4. The local telephone number. After dialing any international call, allow at least 45 seconds for the ring to start.

For Example: To place a call to Berlin, Germany (with a local number of 111222), the dialing sequence would be:

International Access Code: 011

Country Code: 49

City Routing Code: 30

Local Number: 111222

Calling Features Instructions

Contact a Customer Service Team Member for availability, information and rates.

ANONYMOUS CALL REJECTION

If you have Caller ID, Anonymous Call Rejection allows you to reject calls from people who have blocked their name and number from appearing on Caller ID. This feature comes with Caller ID.

To Activate

Step 1: Press: (*77)

The blocked caller will be informed that they can unblock their call by hanging up, picking up the receiver, dialing: (*82) and redialing the phone number.

To Cancel Anonymous Call Rejection

Step 1: Press: (*87)

Notes: You must be subscribed to Caller ID for Anonymous Call Rejection.

AUTO CALL BACK

Automatically redials the last number dialed.

To Activate

Step 1: After receiving a busy signal, hang up.

Step 2: Press: (*66)

If the number you are calling is still busy

Step 1: Listen for announcement telling you the number is busy.

Step 2: Hang up.

Step 3: When the line is free, you will hear a short-short-long ring.

Step 4: Your call will automatically be made when you lift the handset (automatically redials busy number up to 30 minutes).

To Cancel

Step 1: Press: (*86) and listen for tone or announcement confirming cancellation.

Notes:

- a. While activated, you may still make and receive other calls.
- b. Call back attempts to a busy number will continue for 30 minutes. After 30 minutes your request will be cancelled.
- c. You can use Auto Call Back for more than one busy number at a time, however, you will not be able to tell from which number the call back is being made.
- d. If the number you are trying to reach is outside the area served by Auto Call Back, you will hear a recording advising you that the call cannot be made.

CALL FORWARDING

Call Forwarding - All

Redirects ALL calls to another phone number.

To Activate

Step 1: Press: (*72)

Step 2: Listen for dial tone and dial the number you wish your calls to be forwarded to.

Step 3: Listen for confirmation beeps and hang up.

To Cancel

Step 1: Press: (*73)

Step 2: Listen for confirmation beeps and hang up.

Notes:

a. Calls forwarded to long distance phone numbers will be charged to you. You must have a long distance carrier.

b. To change the number to which your calls will be forwarded, you must cancel Call Forwarding, then repeat procedures to activate.

Call Forwarding - Busy

Sends incoming calls to another number when line is busy.

To Activate

Step 1: Press: (*90)

Step 2: Listen for dial tone and dial the number you wish your calls to be forwarded to.

Step 3: Listen for confirmation beeps and hang up.

To Cancel

Step 1: Press: (*91)

Step 2: Listen for confirmation beeps and hang up.

Notes:

a. Calls forwarded to long distance phone numbers will be charged to you. You must have a long distance carrier.

b. To change the number to which your calls will be forwarded, you must cancel Call Forwarding, then repeat procedures to activate.

Call Forwarding - Ring Count

Forward your calls to another number after a predetermined number of rings.

To Activate

Step 1: Press: (*92)

Step 2: Listen for dial tone and dial the number you wish your calls to be forwarded to.

Step 3: Listen for confirmation beeps and hang up.

To Cancel

Step 1: Press: (*93)

Step 2: Listen for confirmation beeps and hang up.

Notes:

a. Calls forwarded to long distance phone numbers will be charged to you. You must have a long distance carrier.

b. To change the number to which your calls will be forwarded, you must cancel Call Forwarding, then repeat procedures to activate.

c. The default number of rings is 4, however, this can be changed by contacting Pioneer.

Call Forwarding - Remote

Activate and deactivate Call Forwarding from another location.

To Activate

Step 1: Dial the remote activation access number (541 + your prefix + 1233, i.e. 541-929-1233).

Step 2: When prompted, enter your 10-digit phone number followed by (#).

Step 3: Enter personal identification number followed by (#). (See note a. below)

Step 4: You will be prompted to enter an Access Code. After you hear a steady dial tone, enter (*72) to forward ALL calls to another number. You will hear a series of confirmation beeps.

Step 5: Immediately dial the number you wish your calls to be forwarded to. You will hear a series of confirmation beeps and the system will automatically hang up.

To Cancel

- Step 1: Dial the remote activation access number (541 + your prefix + 1233, i.e. 541-929-1233).
- Step 2: When prompted, enter your 10-digit phone number followed by (#).
- Step 3: Enter personal identification number followed by (#).
- Step 4: When prompted to enter an Access Code, Press (*73) to deactivate Call Forwarding. You will hear a series of confirmation beeps and the system will automatically hang up.

Notes:

- a. Prior to using Remote Activation for the first time, you must call Pioneer and choose a Personal Identification Number to use when activating this service.
- b. Calls forwarded to long distance phone numbers will be charged to you.

CALL REJECTION

Rejects calls from a list of phone numbers from which you do not wish to receive calls. This feature will inform the person you have added to the rejection list that you are not accepting calls from them.

To Activate and/or Create List

- Step 1: Press: (*60) and listen for the prompts.
- Step 2: To turn on/off Call Rejection: Press (3)
- Step 3: Follow prompts

Additional prompts:

- 1. To reject the last incoming call: Press (# 0 1 #)
- 2. To turn on/off Call Rejection: Press (3)
- 3. To add a number to your list: Press (#)
- 4. To delete a number from your list: Press (*)
- 5. To delete ALL numbers from your list: Press (* 0 8 *)
- 6. To review the numbers on your list: Press (1)
- 7. To repeat instructions: Press (0)

Notes: Maximum number of phone numbers on your Call Rejection list is 16.

CALL TRACE

Trace unwanted calls such as obscene, threatening or harassing calls. You may be charged \$1.00 each time this feature is used. This information can only be given to the police for follow up.

To Activate

- Step 1: Press: (*57), listen for the announcement. (If using a rotary phone, dial 1157)
- Step 2: Record the date and time you activated the Call Trace. This will be used to obtain the Call Trace information.
- Step 3: Please call Pioneer as soon as possible when you've activated Call Trace, as a signed authorization form will be necessary.
- Step 4: Call your local police department to file a report. The police department must contact Pioneer in writing with the case #, date & time of the call(s) and request for the trace.

Notes:

- a. It is important that you activate Call Trace immediately after the offending call. If you delay taking action and receive a subsequent incoming call, Call Trace will not trace the correct number.
- b. If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original calling number.
- c. Traced numbers will only be released to the police.
- d. Not all calls can be traced to their origin.

CALL WAITING

Informs you if someone is trying to call while you're on another call.

To Use

- Step 1: To END an existing call and answer a waiting call, hang up, then allow the phone to ring and answer it.
- Step 2: To HOLD an existing call and answer a waiting call, depress receiver button or flash key.
- Step 3: To ALTERNATE between calls, depress receiver button or flash key.
- Step 4: To DISCONNECT calls, hang up.

To Cancel

- Step 1: Press: (*70). Listen for confirmation beeps and a steady dial tone.
- Step 2: Dial desired phone number.
- Step 3: Call Waiting is automatically restored when you hang up.

To Cancel Call Waiting during a call *(Three-Way Calling feature is required.)*

- Step 1: Depress receiver button or flash key, then listen for confirmation beeps and a steady dial tone.
- Step 2: Press: (*70). Listen for confirmation beeps.
- Step 3: Wait for automatic reconnection to existing call.

Notes:

- a. When Cancel Call Waiting is activated, callers will hear a busy signal.
- b. Cancel Call Waiting works on a per call basis.

CONFERENCE CALLING

Add a third party to an existing phone conversation.

To add a third person to your call

- Step 1: While on current call, press and release your receiver button or flash key (current call is placed on hold).
- Step 2: Listen for confirmation beeps and a steady dial tone.
- Step 3: Dial the number of the second person you want to add. After that person answers, press and release receiver button or flash key and all three of you will be connected.
- Step 4: If busy or no answer, depress receiver button or flash key twice, to reconnect first call.

To disconnect parties

- Step 1: Either party may hang up to leave the conversation. You will still be connected to the other person.
- Step 2: Remove the third person anytime by pressing the receiver button or flash key twice.
- Step 3: To disconnect the entire three-way call, hang up. Everyone will automatically be disconnected.

Notes:

- a. You may privately converse with the third party as long as you wish before using the receiver button or flash key to establish the conference call.
- b. To avoid placing a conference call accidentally, hang up your phone for at least three seconds between every call.

To use Call Transfer

- Step 1: While on an established call, depress the receiver button or flash key to place call on hold.
- Step 2: Listen for confirmation beeps and a steady dial tone.
- Step 3: Dial the number you wish to conference or transfer first call to.
- Step 4: After third party answers, depress receiver button or flash key to conference all calls together, or hang up to transfer call.
- Step 5: If third party is busy or no answer, depress receiver button or flash key to reconnect to the first call.

Notes:

- a. To have Call Transfer, you must subscribe to Three-Way Calling.
- b. Long distance charges may apply.

DISTINCTIVE RINGING

Phone will ring with a special ring tone from a list you've created.

To Activate and/or Create List

- Step 1: Press: (*61) and Listen for the Prompts
- Step 2: To turn on/off: Press (3)
- Step 3: To turn on and add a phone number: Press (#)
- Step 4: Dial the phone number to have a distinctive ring, followed by: (#).

Additional Prompts:

- 1. To delete a number from your list: Press (*)
- 2. To delete ALL numbers from your list: Press (* 0 8 *)
- 3. To review the numbers on your list: Press (1)
- 4. To repeat instructions: Press (0)

Notes: Ringing Patterns

- a. Calls received from numbers on your list will have a short-long-short ring.
- b. Calls received from any other number will have normal ringing.
- c. If you also have Call Waiting, you will hear a distinctive Call Waiting tone whenever someone on your list calls you while you are on the phone.

LAST CALL RETURN

Automatically dials back the last incoming call.

To use Last Call Return

- Step 1: Press: (*69)
- Step 2: Listen for an announcement that will tell you the number of the party who last called or notify you that it is a private caller.

If you wish to return the call and the announcement gave you the caller's number

- Step 1: Press (1)
- Step 2: Listen for ringing.
- Step 3: Wait for answer.

If you do not wish to return the call hang up.

If the line is busy

- Step 1: Listen for an announcement telling you the number is busy.
- Step 2: Hang up.
- Step 3: You will hear a short-short-long ring when the line is free.
- Step 4: Your call will automatically be made when you lift the handset.

To cancel Last Call Return

- Step 1: Press: (*89)
- Step 2: Listen for tone or announcement.

Notes:

- a. There is no time limit for returning the last incoming call.
- b. The number you are trying to reach must be in an area served by Last Call Return or you will hear a recording advising you that the call cannot be made.
- c. After a call during which you heard a Call Waiting tone, you can use Last Call Return to return a call to the party that was calling you.
- d. Calls marked "PRIVATE" or "ANONYMOUS" are from callers who have chosen to block delivery of their name and number or live in an area that does not support the Last Call Return service.

LINE BLOCKING

Block your name and number from appearing on Caller ID for ALL calls you make. No Charge.

To Activate

Step 1: Contact Pioneer. Once ordered, Line Blocking is always on until you cancel it.

To Cancel

Step 1: Press: (*82)

Step 2: Listen for confirmation beeps and dial the number you wish to call.

Step 3: Line Blocking is automatically restored when you hang up.

Notes:

a. Calls to 911 and toll free numbers cannot be blocked.

b. People you're calling may choose to reject calls from anyone using a line blocking service.

MARKET EXPANSION

A Market Expansion Line allows you to have a Pioneer phone number and forward incoming calls to another number of your choice. Contact a Customer Service Team Member at: (541) 929-3135 or (541) 563-3135 for pricing.

Notes: If the phone number you are forwarding to is long distance, long distance charges will apply.

PER CALL LINE BLOCKING

Block your name and number from appearing on Caller ID on a per call basis. No Charge.

To Activate

Step 1: Press: (*67)

Step 2: Listen for confirmation beeps and dial the number you wish to call.

Notes:

a. Calls to 911 and toll free numbers cannot be blocked.

b. People you're calling may choose to reject calls from anyone using a line blocking service.

PERSONAL RINGING

Allows you to have an additional incoming phone number with a unique ringing pattern, while sharing dial tone on your existing line.

Notes: If you use Call Forwarding on your main number, all calls made to your main and second phone number (Personal Ringing number) will be forwarded to the phone number you designated.

PRIVACY DEFENDER

Control incoming calls with the ability to screen and reject unwanted calls such as telemarketers.

Privacy Defender comes with two features. Once feature is activated on your account, Telemarketer Call Screening is automatically enabled. If you would like to turn on Anonymous Call Screening this must be activated by you on the phone that has Privacy Defender. For more detailed information and all features available with Privacy Defender, visit our Calling Features support page at www.pioneer.net.

To Activate

Step 1: Dial: 541-(your prefix)-1248

Step 2: Listen for the Prompts:

- a. To turn on/off screen features: Press (1)
- b. To turn on Anonymous Call Screening: Press (1)
- c. To turn off Telemarketer Call Screening: Press (2)

Additional Prompts

1. To turn on/off screening features: Press (1)
2. To create/change bypass code: Press (2)

3. To change your language: Press (3)
4. To manage screening list: Press (4)
5. Add last call to screening list: Press (5)
6. To turn list on/off: Press (1)
7. Manage Permitted List: Press (2)
8. Manage Restricted List: Press (3)
9. Exit: Press (9)
10. To exit: Press (9)

Notes:

- Add callers to Managed Permitted List that you want to bypass the call screening functionality.
- To have preferred callers who withhold their phone number bypass the recording of their name, provide them with your bypass code. When they call you, they will need to Press * + bypass code when the automated message begins.
- If you have Anonymous Call Rejection, Privacy Defender Anonymous Call Screening will not work. If you'd like to utilize this Privacy Defender service, please contact a Customer Service Representative to remove or turn off Anonymous Call Rejection.
- If you have Anonymous Call Screening turned on, Privacy Defender does not forward immediately to Voicemail causing the caller to not hear the first 30 seconds of your Voicemail greeting.
- Privacy Defender may not work well with Teen Lines or the Accession App.
- Privacy Defender does not work with DID numbers.
- When Telemarketer Call Screening is turned on, all callers will have to press (8) to have their call go through unless you have placed them on the permitted call list.

When Telemarketer Call Screening is turned on, ALL callers will have to Press (8) to have their call go through unless you have placed them on the permitted call list.

ROBOCALL BLOCKING

Robocall Blocking helps to automatically prevent unwanted robocalls so they won't reach members' phone. No Charge.

What is robocalling?

A robocall is a call originated by a computerized autodialer that plays a pre-recorded message to the called party if/when they answer, although some use autodialers to initiate a call, only connecting to a bank of waiting "agents" if/when you answer the call. The Robocall Blocking Service is designed to block the majority of all these types of "unwanted" calls.

What types of calls are blocked?

Robocall Blocking prevents both unwanted calls (such as political campaigns, advertising, charities) as well as fraudulent calls (such as IRS & Windows Support scams).

How does a customer sign up?

Contact a Customer Service Team Member or sign into your online bill pay account and start service there.

SELECTIVE CALL ACCEPTANCE

Accept calls only from people on a list you've created.

To Activate

- Step 1: Press: (*64) and listen for the prompts.
 Step 2: To turn on/off Selective Call Acceptance: Press (3)
 Step 3: Follow prompts

Additional Prompts:

1. To turn on/off Selective Call Acceptance: Press (3)
2. To add a number to your list: Press (#)
3. To delete a number from your list: Press (*)
4. To delete ALL numbers from your list: Press (* 0 8 *)
5. To review the numbers on your list: Press (1)
6. To repeat instructions: Press (0)

Notes: Maximum number of phone numbers on your Selective Call Acceptance list is 12.

SELECTIVE CALL FORWARDING

Forward callers to another number from a list you've created.

To Activate and/or Create List

- Step 1: Press: (*63) and listen for the prompts.
Step 2: To turn on/off Selective Call Forwarding: Press (3)
Step 3: Dial the phone number you want the specific numbers to be forwarded to, followed by: (#)
Step 4: Confirm the phone number the calls will be transferred to.
 1. To Confirm Press: (1)
 2. To Change Press: (0)
Step 5: To turn on and add a phone number you want forwarded: Press (#)
Step 6: Dial the phone number you want forwarded, followed by: (#)

Additional Prompts:

1. To turn on/off Selective Call Forwarding: Press (3)
2. To add a number to your list: Press (#)
3. To delete a number from your list: Press (*)
4. To delete ALL numbers from your list: Press (* 0 8 *)
5. To review the numbers on your list: Press (1)
6. To repeat instructions: Press (0)

Notes: Maximum number of phone numbers on your Selective Call Forwarding list is 10.

SPEED DIALING

Dial selected numbers quickly by pressing an assigned code.

To Program Speed Dial 8

- Step 1: Press: (*74)
Step 2: Listen for a steady dial tone.
Step 3: Enter Speed Dialing code 2-9.
Step 4: Enter desired phone number, Press (#). Then listen for confirmation beeps.
Step 5: Hang up.

To Program Speed Dial 30

- Step 1: Press: (*75)
Step 2: Listen for a steady dial tone.
Step 3: Enter Speed Dialing code 20-49.
Step 4: Enter desired phone number, Press (#). Then listen for confirmation beeps.
Step 5: Hang up.

To Use

- Step 1: Dial desired Speed Dialing code (2-9 or 20-49).
Step 2: Then Press (#)

To Change

- Step 1: Repeat first five steps.

Notes: Speed Dial 8 and Speed Dial 30 are two separate calling features. Speed Dial 8 creates a list of up to 8 numbers. Speed Dial 30 creates a list of up to 30 numbers.

TOLL CONTROL W/PIN

Toll Control with PIN (Personal Identification Number) provides the ability to completely inhibit the dialing party from making a long distance call until they enter the correct PIN. Local calls, 911 and 611 (accesses Pioneer) calls can still be made without the use of the PIN. However, if you would like local calls to be restricted as well, please inform a Customer Service Team Member.

To use Toll Control with PIN

- Step 1: Dial the number you wish to call.
- Step 2: Listen for confirmation beeps or dial tone.
- Step 3: Enter PIN.

Notes:

- a. Please contact a Customer Service Team Member at (541) 929-3135 or (541) 563-3135 for more information.
- b. Full Toll Control is available which will block all long distance calls without the use of a PIN (excluding 800 numbers).

VOICEMAIL

Turn your phone into a complete answering system without having to purchase any equipment. Retrieve your messages from any phone or from the web.

The first time you log in to your mailbox from the phone number that has the VoiceMail Feature, you will receive a self-guided tutorial that will help you through the setup process. You will choose your PIN, record your greeting and your name. The greeting and recorded name are played each time a caller accesses your mailbox to leave a message. You can also end the setup process at any point by ending the call. If you do so, you are asked to complete the remaining setup steps the next time you enter your mailbox.

Initial setup **MUST BE DONE FROM the phone THAT HAS VOICEMAIL FEATURE.**

- Step 1: Dial the VoiceMail access number: 541-(Your Prefix)-1222 or Press (*95).
- Step 2: Follow the self-guided VoiceMail system to setup your VoiceMail.

To access VoiceMail after initial setup

From your own phone

- Step 1: Dial the VoiceMail access number: 541-(Your Prefix)-1222 or Press (*95).
- Step 2: Enter your VoiceMail PIN plus (#).

From another phone

- Step 1: Dial the VoiceMail access number 541-(Your Prefix)-1222.
- Step 2: Enter your phone number plus (#).
- Step 3: When prompted, enter your VoiceMail PIN plus (#).

VoiceMail Main Menu:

- 1. To **Get** your messages Press (1)
- 2. To **Send** a message Press (2)
- 3. To **Work** with your greetings Press (3)
- 4. To **Change** your settings Press (4)
- 5. To **Work** with reminder messages Press (5)
- 6. To **Get** deleted messages Press (6)
- 7. To **Log** in as a different subscriber Press (7)

VoiceMail Helpful Hints

The Helpful Hints menu tells you about many of the features of VoiceMail and the keys you can use to move around within it. The menu is broken up into a number of sections.

You can move around the Helpful Hints menu in the following way:

- Press **(0)** from main menu or while retrieving your messages to enter the Helpful Hints menu.
- Press **(#)** to step forward one hint.
- Press **(1)** to return to the first hint.
- Press **(*)** to return to the Mailbox Settings menu.

You can press the following common keys at any point, in any menu:

Press **(8)** to pause activity for 30 seconds, press any key to continue.

Press **(*)** repeatedly to work your way back through the menus until you reach the main menu.

Press **(#)** when recording to indicate the end of the input; otherwise it is used to move forward in a list of options.

Press **(0)** at any time to get help.

You can press any of the following options while listening to your messages:

Press and hold **(6)** to increase the volume of the message.

Press **(7)** to slow the playback of the message.

Press **(8)** to pause playback of the message for up to 20 seconds.

Press **(9)** to speed up the playback of the message.

Press **(77)** to skip back 5 seconds.

Press **(99)** to skip forward 5 seconds.

For detailed instructions, visit our website at <https://www.pioneer.net/support/#user-guide>. If you are interested in accessing your VoiceMail through the internet, please contact a Customer Service Team Member for more information.

Oregon Telephone Assistance Programs

TELECOMMUNICATION DEVICES ACCESS PROGRAM (TDAP)

The Telecommunication Devices Access Program (TDAP) loans specialized telecommunications equipment to qualifying Oregonians who have a loss in hearing, speech, vision, mobility, or cognition. Visit www.rspf.org or call 1-800-848-4442 for more information.

THE OREGON TELECOMMUNICATIONS RELAY SERVICE (OTRS)

Oregon Relay is a free service that allows individuals who are deaf, hard-of-hearing, deaf-blind, or speech-disabled to place and receive calls through specially trained relay operators. There are several forms of Oregon Relay services, depending on the needs of the user and the specialized telecommunications equipment that they use. Visit oregonrelay.com or call 1-800-686-3777 for more information. This service allows text-telephone (TTY) users to communicate with standard telephone users through specially trained relay operators.

OREGON TELEPHONE ASSISTANCE PROGRAM (OTAP/LIFELINE)

The Oregon Telephone Assistance Program (OTAP), along with the FCC directed Lifeline program, provide a discount on basic telephone service for qualifying low-income consumers.

ELIGIBILITY: According to the Public Utility Commission of Oregon, eligibility is determined by participation in one of the following programs:

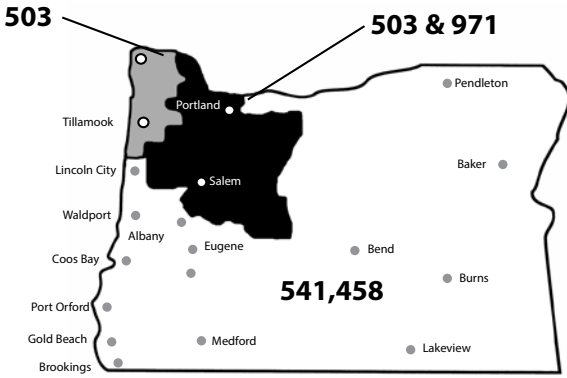

- Supplemental Nutrition Assistance Program (SNAP)
- Supplemental Security Income (SSI)
- Medicaid
- Veterans Pension and Survivors Benefits
- Federal Public Housing Assistance (Section 8)
- Tribal Specific Programs

You may also qualify if your total income is at or below 135% of the Federal Poverty Level. Proof of eligibility may be necessary for enrollment.

Toll blocking and/or toll control is available for free to Lifeline subscribers. Lifeline subscribers receive the same residential service as a regular subscriber, but at a reduced monthly recurring rate. Thus, lifeline subscribers have an unlimited number of local calling minutes. Pioneer Telephone subscribers receiving Lifeline are free to choose their own toll usage plans through long distance providers that serve Pioneer Telephone. Only one Lifeline discount is allowed per household. The program does limit the discount to one per household and may not be transferred. Proof of eligibility may be required. All information is treated as strictly confidential by OTAP staff and the local phone companies.

HOW TO APPLY: To apply for OTAP/Lifeline, TDAP equipment, or for more information about the Residential Service Protection Fund (RSPF) Programs, please call RSPF at 1-800-848-4442 or email: puc.rspf@state.or.us

Information and eligibility may change at any time. Visit the Oregon Public Utility Commission website for the most up-to-date information: www.rspf.org

2020 TIDAL ADJUSTMENT TABLE

The predictions given in the monthly tables are for the OSU Hatfield Marine Science Center Dock in South Beach, Yaquina Bay. To determine the predicted time and height of high and low water for the locations given below, add or subtract the indicated times and adjust the heights. Tides for locations north of Newport generally occur later (add time) and tides for locations south of Newport generally occur earlier (subtract) than the tides given in the tables. The times of high/low water up river or up bay occur later than the times at the harbor entrance. Corrections for tidal heights are given in ratios.

Location	High Min	Low Min	High Ratio	Low Ratio
Seaside, 12th Ave. Br., Necanicum R.....	6	93	0.67	0.34
Nehalem River, Nehalem	36	82	0.84	0.68
